Red Ash, Bluegem and Brilliant coal for cash cheap. J. C. Moss 2-22-11

Recent rains have put vegetation to growing with a vim. It has also greatly encouraged the weeds.

Go to E. W. Morrow, graduate optician, at McRoberts Drug Store for spectacles. Eyes treated free at store or your homes.

The eclipse of the sun was plainly visible here, and many stood with outstretched necks and smoked glass viewing the sights.

Take in the cheap excursion to Louisville tomorrow. Only \$2.25 for the round trip. This is the first cheap excursion run to Louisville in many years.

The pastor, L. Robinson, will preach at the Methodist church at 11 o'clock, a. m., and at Bryantsville at night, Sunday school at 9:45 a. m. and Epworth League at 7 p. m.

**Speaking at Scotts Fork.**  
H. S. Bonsib, of Vincennes, Ind., will give a free lecture at Scotts Fork church on Friday night, June 1st. Subject, Gospel Prohibition. Every body come. He is an interesting speaker.

**Prohibition Convention.**  
The prohibitionists of the 8th congressional district will hold a mass meeting at Nicholasville June 18th at 2 p. m. for the purpose of putting out a candidate for Congress and selecting delegates to the Prohibition National Convention at Chicago June 27th.

Beginning on the first day of June, and until further notice, I will sell you buggies, phaetons and road wagons at prices that will make you wonder how it can be done. Nothing like it was ever seen in Lancaster. Come early if you want the best choice.—Conn's Carriage Shop.

**Temperance Lectures.**  
H. S. Bonsib, familiarly called the "Flying Dutchman," of Vincennes, Indiana, has been in the county this week making speeches upholding the cause of temperance, and striving to aid its cause. He is a gifted speaker, and has done much toward enlightening the people.

**Helping The Advocate.**  
Harry Giovannoli telephoned THE Record office that he was over-run with job work, behind with the paper, and suffering intensely from need of a printer. Our Mr. R. E. Henry was dispatched to the scene and will remain during the week. Mr. Henry is the third extra hand now at work on the Advocate, running its corps of printers up to about eight. Harry must be raking in all kinds of dough.

**Resolution.**  
RESOLVED, That the cordial thanks of this convention be hereby tendered to the citizens of Lancaster, and the various committees for their untiring efforts in behalf of our comfort and pleasure, and for the hearty welcome we have received. A copy to be published, also spread upon the minutes.

**Committee.**—Mary Lyle Reynolds, Chairman; Mary A. Fortner, Annie J. Payne, Alice Breitenstein, Callie Hughes.

**Attention Farmers.**  
We take pleasure in gratifying the farmers of Garrard county, that as usual we will be in the market for wheat, and will buy at all stations on the Rowland Branch L. & N. railroad, and will see that our friends and customers get top prices for their wheat. So make no promises to anyone, but be independent and remember your friends before selling, and see us. We have storage room for 20,000 bushels of wheat, and rate of storage will be reasonable. We also will keep on hand new sacks to sell farmers at cost, should they want to hold their wheat.

Your Friends,  
H. A. B. MARKSBURY & SON.

**An Enjoyable Occasion.**  
The occasion of Gen. John B. Gordon's lecture in this city was made a most pleasing event. The G. A. R. being in session, most all of the delegates attended the lecture, making, together with the numerous Confederate veterans present, an audience composed largely of soldiers. General Gordon was introduced by Capt. Herndon, and for two hours held the undivided attention of his hearers. Gen. Gordon is certainly a great man, and is doing noble work toward stamping out the feeling between the north and south. The feeling is only kept alive today by a few bitter partisans who dared not shoulder a gun and fight for the side they sympathized with. You never hear a southern or northern soldier relishing the troubles of thirty-five years ago. Gen. Gordon told many incidents relating to the funny side of war are, but when he told of the hardships endured by the soldiers, it brought tears to every eye in the house. All honor to Gen. Gordon, and may he be spared many more years of health, happiness and usefulness.

**Democratic Mass Convention.**  
Chairman Farris has issued a call for a democratic mass meeting to be held in the court house Saturday, June 9, to select delegates to the Louisville convention. All democrats urged to be present.

**Danville Fair Grounds Sold.**  
The new Danville Fair Association has bought the fair grounds in that city, price \$7,000, \$2,000 to be paid at once and balance in easy payments. The new association is composed of young men who are hustlers, and will make the exhibitions among the best in the state.

**Who Can Beat Him?**  
Mr. George W. White, the oldest type in this city, better known as "Old Print," was born in Richmond, Ky., May 27, 1837, and served a printership of three years on the Richmond Whig Chronicle, commencing his trade in August, 1849, with Thos. L. Goldin, was sixty-three years old last Sunday and says he can set from three to four galleys of type every ten hours, in brevity. Who can beat him?—Richmond Pantagraph.

**The Record can beat you all hollow.** Capt. Franklin J. White, the old Mexican veteran, of this office (who is a half-brother of "Old Print") comes to this office every day and sets three galleys of clean brevity by three o'clock in the afternoon. He was seventy-nine years old on January 23, last. He began work in a printing office in Richmond, (the Farmers Chronicle) in 1829, printed by Joseph Turner. Capt. White walks to and from his home, a distance of three-quarters of a mile each way. He can jump in the air, crack his heels together three times, and handle a quid of long-green tobacco with as much grace as one of half his years. The Pantagraph will have to cut and come again.

**Lancaster Wins Honors.**

The Lancaster Graded School covered herself with honors at the Blue Grass Tournament held in Winchester last week, and won an enviable reputation. Hundreds of visitors were present from all over the state, and enthusiasm was at a white heat. The schools represented were those of Somerset, Mt. Sterling, Cynthia, Flemingsburg, Richmond, Midway, Lancaster, Harrodsburg and Winchester. We give below a list of the awards received by Lancaster:

The scholarship offered by Centre College for best English scholar was awarded Willie Belle Burnside, of Lancaster.

In the base ball game, Lancaster played a tie game with Harrodsburg up to the tenth inning, when Harrodsburg got in a winning decision, which decision caused much complaint, and is said to have been allowed a runner who ran over the second baseman.

Winchester Democrat:—In the Contest in Trigonometry, two of the Lancaster pupils, Mary Thompson and Annie Yantis, made two clerical errors each, but as Fred Evans made only one he was declared the winner.

**Error in Sugar.**

In the Blue Grass Grocery advertisement last week, the types said they would sell "16" pounds granulated sugar for a dollar. It should have been "19" pounds: One figure sometimes makes a big difference.

Ask your neighbors to subscribe for the CENTRAL RECORD so they will know that Conn can save them enough on one buggy to pay several years' subscription. Some people complain that we don't advertise. After they have bought a buggy and see our stock and prices, on asking them if they take THE RECORD they say "No," of course they do not know that we advertise.

Bonsib, of Vincennes, Ind., will speak as elsewhere announced, at Scotts Fork on Friday night, June 1st and at New Hope church near Paint Lick station, on Sunday June 3rd at 11 o'clock; at Walnutta same day at 2:30 p. m.; at Cartersville same day at 7:30 p. m. **A Distressing Accident.**

Tuesday morning, near Stanford, a train ran into the phaeton of Mrs. Annie Engleman and Miss Sue Woods at Woods' crossing, throwing them down a rock embankment. Miss Woods fell to the right and her head was badly cut. The doctors found no fracture, but the concussion was great and the injuries may prove fatal. Mrs. Engleman was only slightly injured. Miss Wood was well known in Lancaster. She was a popular visitor at the hop in this city Friday night.

**Closing of Graded School.**

The Lancaster Graded School closed its fifth session Wednesday, May 23. The enrollment during the year was about three hundred and forty, with an average attendance of about two hundred and seventy. This is by far the largest enrollment and attendance since the organization of the school, and the outlook for the future is exceedingly encouraging. One new grade, the twelfth, has been added to the school, thus making the course of study as complete as any other Graded School in the state.

During the past two years there has not been a single suspension or expulsion from school and but few cases of corporal punishment. Pupils are taught that it is more manly and ladylike to be loving, obedient, children as a source of happiness than to be governed by force or threat. The following teachers compose the faculty for the ensuing year:

J. H. Patterson, Principal, 11th and 12th grades.

Miss Knapp West, teacher 7th and 8th grades.

Miss Janyie Shiunate teacher 5th and 6th grades.

Miss Annie Royston teacher 3rd and 4th grades.

Miss Margaret Murphy teacher 1st and 2nd grades.

Miss Claude Peters teacher Beginners.

## CENTRAL RECORD

THURSDAY, MAY 31, 1900

EVERY WEEK BY  
LOUIS LANDRAM, Publisher.  
LANCASTER, KENTUCKY.

TERMS (One Year in Advance) \$10.00  
(Six Months) " " 6.00  
(Three Months) " " 3.00

The credentials of J. S. Blackburn have been presented as Senator from Kentucky. It is the source of much gratification to his many friends and admirers to see him returned to the Senate.

W. S. Taylor says he will not decide as to whether he will run for governor this fall until after the republican national convention. If there has to be an election, we are in favor of a new deal all round.

There is a strong feeling among the democrats of Garrard for Hon. James B. McCreary as a candidate for governor this fall. He has a strong following here, and if he should be nominated will get a big vote.

There is a divided opinion as to whether an election for governor should be held this fall. Leading lawyers differ on the subject. If none is held, the politicians and flouters will have to winter their enthusiasm, as not much bode is put out in Kentucky in presidential races.

The last days of the session of the Senate will be occupied chiefly by the Philippine measure and appropriation bills. The Clark case will come up during the week and speeches on the Boer resolution are expected. Adjournment is hoped for by June 6, but the date may be extended.

In an interview given out last week, the Hon. John W. Yerkes intimates that if it were necessary he would accept the republican nomination for governor. If both parties would select as clean, honorable men as is Mr. Yerkes, the race would be run upon high principles, and no mud-slinging indulged in. Mr. Yerkes is a polished gentleman, and no one can deny the fact.

EX-GOV. W. O. BRADLEY is at home this week taking a much needed rest, after his long and difficult work in the contest cases. Asked if he would allow his name presented to the national convention as a candidate for vice-presidential nomination, he said that his party would never name a man south of the Ohio river, and it would be a waste of time to do so. He said that if he were a southern democrat he would surely insist upon the south receiving such recognition from the democratic party, but that a republican would never be given a place on the ticket.

### An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure. John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale by R. E. McRoberts, druggist.

Gen. Wade Hampton is too feeble to attend the Confederate reunion in Louisville. He is now confined to his home.

The dose is small and it is pleasant to take. McRoberts' Drug Store.

## THE G. A. R.

A Large Crowd Attended, But Rain Interfered With Carrying Out Programme.

The gates of Lancaster were thrown open to the old veterans last week, and about three hundred delegates and two hundred comrades, or as the veterans say, "visitors," accepted the invitation to be our guests. The meeting was to be held on Thursday and Friday, but the official train, bearing the officers and most of the delegates came in Wednesday afternoon. The Richmond band arrived on the eleven o'clock train Wednesday, and met the old soldiers at the depot. They were escorted to the Garrard hotel, where previous arrangements had been made to entertain them, and also rooms engaged for headquarters. The merchants had been very liberal in the use of bunting and other decorations, the Court House and other public buildings received due attention, and upon their arrival the soldiers found the town prettily dressed to receive them. An informal meeting was held at the Court House Wednesday night, at which many prominent veterans made addresses. This meeting was what the old soldiers call a "camp fire" and they tell stories and funny incidents which occurred during the war. During the night, many other delegates and visitors arrived. "Lancaster luck," put in an appearance Wednesday night, as it always does when we try to entertain visitors, that is it rained, or more properly speaking, POURED down all night, washing away a great deal of the decorations and fading and ruining most of the rest of it. Thursday morning the Public Square and streets were one vast mud hole, while the faded

Keep Quiet  
The ladies of the G. A. R., desire to extend our thanks to the citizens committee for courtesies extended, also handsome badges presented to us. To the ladies for their kind attention, and the carriage ride. We will ever remember you with respect and kindness. We further desire to thank you for the use of the church in which we held our meetings. We are most respectfully, Mrs. Emma N. Macpherson, Mrs. Mollie F. Bateman, Mrs. Sallie B. Arlington, Committee.

Between nine and eleven o'clock Friday, it was almost impossible to get through the throng on the streets.

The Mt. Vernon band came in on the train Thursday morning at two o'clock and gave a serenade. They played on the streets most all day and owing to the miserable weather, returned home that night. This band is only about six months old, but does as well as most bands of far longer experience. Their playing was highly complimented. The members are young business men of Mt. Vernon, and are a clever set of gentlemen. They made many friends while in town.

No man received more attention than did the gallant Gen. E. H. Hobson, of Greensburg. Gen. Hobson is also a Mexican veteran, and one of the most prominent and highly respected leaders in the republican party in the south. He is a politician, but one on that high plane that commands the respect of everyone, of both parties. Gen. Hobson is a gentleman, and will not stoop nor countenance any of the tricks practiced by some of these dabbling in political affairs today. Would to God there were more Gen. Hobsons in Kentucky today. If there were the state would soon be out of the disgraceful attitude in which she now stands in the eyes of the nation.

For some time a movement has been on foot to establish a National Park on the battle field at Perryville. A communication from the citizens of Perryville and vicinity on this subject was referred by the encampment to a committee, composed of Maj. Drye, Judge Carr and Capt. Herndon, who introduced a resolution, which was unanimously and enthusiastically adopted, heartily favoring the move, and directing the Commander to appoint a committee to answer the communication and memorialize congress on the subject. Capt. Herndon has written Commander Drye asking that the committee which he is to appoint, go to Perryville and look over the battle field and make a full report to Congress. Our people throughout the state ought to boom the move most heartily.

The Richmond band made many friends during its stay in Lancaster. We have never seen a more obliging set of musicians, nor a better behaved set of gentlemen in a band than are those who fill its ranks. It is an almost universal rule that when an amateur band plays an engagement, there are several members who, instead of attending to business, will stroll the streets, look pretty and do the duds act, which causes much difficulty in getting them together when needed. There are no duds, nor yaller-haired mama's darlings in the Richmond band, consequently they fulfill their contracts in a business-like way, and are always ready to play when asked.

Does It Pay to Buy Cheap.  
A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by C. C. & J. E. Stormes.

Herndon, of Lancaster; Junior Vice Commander, Moses Allen, of Louisville; Medical Director, William Bowman, of Tatesboro; Department Historian, George W. Saunders, of Mayfield; Council of Administration, B. Mathews, Louisville; C. C. Vaughan, Russellville; Charles Salee, Newport; John Dorsey, Lebanon; W. R. Williams, Hustonville; Delegates to national encampment, five in number, were elected. Major Drye has appointed two members of his staff—Captain A. Affert, of Lebanon, Quartermaster, and Captain John Barr Mayor, of Lebanon, Adjutant General. They chose Covington as the next place of meeting.

PICKET SHOTS.  
The Renetown band did good work in stirring up the crowd.

Between eight and ten thousand people were in town Friday. Many vehicles had been prettily decorated to go in the parade. Rastus was on parade in great shape. A great many of the colored brethren who "it" were on hand.

A few of the usual drunks created a little disturbance the first day, but not enough to cause any trouble.

We had the best order ever seen on similar occasions. Marshal Pierce and his efficient deputies, are entitled to great praise for their good work.

The drum corps, of Louisville, furnished much good martial music. The drum and fife has a soul stirring air that will make anyone want to march. Nearly all the members attended

on the famous mountain during the "Battle above the Clouds," and is highly prized. It is in the possession of parties living in Estill county.

Nearly all the members of the Nineteenth Kentucky (Gen. Landram's regiment) who were in town, called in a body at The Record office. We were not expecting the visit, but hustled around and prepared a few refreshments which the old vets seemed to enjoy. It was a great pleasure to us to listen to their war experience and hear their compliments upon our father. This regiment was raised mostly in Mercer and Garrard counties, but the remaining members are widely scattered now.

We, the Ladies of the G. A. R., desire to extend our thanks to the citizens committee for courtesies extended, also handsome badges presented to us. To the ladies for their kind attention, and the carriage ride. We will ever remember you with respect and kindness. He is a politician, but one on that high plane that commands the respect of everyone, of both parties. Gen. Hobson is a gentleman, and will not stoop nor countenance any of the tricks practiced by some of these dabbling in political affairs today. Would to God there were more Gen. Hobsons in Kentucky today. If there were the state would soon be out of the disgraceful attitude in which she now stands in the eyes of the nation.

For some time a movement has been on foot to establish a National Park on the battle field at Perryville. A communication from the citizens of Perryville and vicinity on this subject was referred by the encampment to a committee, composed of Maj. Drye, Judge Carr and Capt. Herndon, who introduced a resolution, which was unanimously and enthusiastically adopted, heartily favoring the move, and directing the Commander to appoint a committee to answer the communication and memorialize congress on the subject. Capt. Herndon has written Commander Drye asking that the committee which he is to appoint, go to Perryville and look over the battle field and make a full report to Congress. Our people throughout the state ought to boom the move most heartily.

The Richmond band made many friends during its stay in Lancaster. We have never seen a more obliging set of musicians, nor a better behaved set of gentlemen in a band than are those who fill its ranks. It is an almost universal rule that when an amateur band plays an engagement, there are several members who, instead of attending to business, will stroll the streets, look pretty and do the duds act, which causes much difficulty in getting them together when needed. There are no duds, nor yaller-haired mama's darlings in the Richmond band, consequently they fulfill their contracts in a business-like way, and are always ready to play when asked.

Does It Pay to Buy Cheap.  
A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by C. C. & J. E. Stormes.

to do so. At public meetings in country towns it is impossible to tell when the band is to be needed, and they are liable to be called out at any time, but never a kick came from the Richmond boys, and they fell in and went to the committee having them in charge. The writer of this article has been in a band for ten years, and frequently when playing away from home would have cheerfully contributed toward hiring a wet nurse for members who were "too tired to play any more," etc. Prof. Mitchell is a leader of great ability, and a performer of merit seldom seen outside the larger cities. We wish we had more space to devote to this band, but will have to wind up by saying that they put up music good enough for anyone to listen to, and contracts made with them will surely be carried out, to the letter.

Question Answered.  
Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grand mothers' never thought of using anything else for indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by C. C. & J. E. Stormes.

Passing through Stanford, on Saturday's train, we met Bro. Walton, who by the way meets all trains passing his way day and night, and he took occasion to compliment The Record and ask why we did not praise our paper more, in other words, blow our own horn. We informed him that we were painfully aware of our poor efforts at editing a paper, that people only took it through sympathy for our wife, etc., etc. "Well," said he, "You are mistaken. You have a good paper and ought to proclaim the fact from every house top. You know in the 'seventh chapter of Goliath, the bible says 'trot your own tooter or the said tooter will not be tooted.' You ought to borrow a bible and post up."

Stanford Journal:—Col. Louis Landram of the Lancaster Record, was on Saturday's train, bound for Lexington. He is one of the most appreciative men of the merits of others and the most depreciative of his own that we ever knew and will go further to return an imaginary or other favor than anybody.

Next Wednesday morning, at nine o'clock, Mr. Fred P. Frisbie and Miss Allie Walker Hudson will be married at the residence of the brides parents, on Danville street. The ceremony will be performed by Dr. J. L. McKee, and they will leave immediately for a bridal tour through the south, spending two weeks at Ashland, N. C.

The bride is the beautiful and accomplished daughter of J. H. Thorne, an extensive farmer and horse raiser, while the groom is well known here to comment on. Suffice it to say, however, this is one of the best catches in this section and the woman who caught him is to be congratulated. He is the son of Capt. J. A. Doty, of Garrard, and is a chip off the old block.

A reception was tendered them at Capt. Doty's Friday night. The Record join many Garrard county friends in extending congratulations.

Judge R. G. Williams, of Mt. Vernon, has our thanks for an invitation to attend the commencement exercises of Mt. Vernon Collegiate Institute, which are in progress this week.

The editor accepted a very kind invitation to spend a few days in Louisville this week, but as is usually the case, met with disappointment. We are not certain of anything in this world but death, and even this comes to an editor in a lingering form.

It sounds peculiar to hear a railroad man invite a passenger into his train, show him a seat, and make him feel like he was on a visit to the residence of a friend. Well, such is the case on Capt. Ben McGraw's "Blue Grass Special" on the Queen & Crescent Route. We had the pleasure of a ride on this superb rolling palace Saturday night, and have never enjoyed travel more than that trip. Capt. McGraw is an educated gentleman, and looks in person after every detail of the running of his train. He allows no disorder, makes the porter clean up after every tobacco hog is through with his mess, and sees that the brakemen assist not only ladies but gentlemen also with their luggage. There are few conductors more deservedly popular than is Capt. McGraw.

with us for the first time to night. It has been said in G. A. R. circles, that he has done more than any other to bring about this present state of good feeling. His main instrumentalities have been his two able instructive and interesting lectures, the "First Days of the Confederacy," and the "Last Days of the Confederacy," the latter of which he will give us tonight.

This we may regard as an event in our lives—a red letter day in our existence. Gen. Gordon here with his comrades of the gray—a most gallant remnant—facing our comrades of the blue—a most gallant remnant—not in anger but in friendship—not frowning but smiling, not with the sword, but the olive branch in hand, each holding that olive branch out to the other—present a picture which the most fertile and vivid imagination could never brought in review before us. It is a picture the like of which no coming generation can expect, or wish to see. It is a history which can never repeat itself. Let us rejoice that this is true, and that the bloody hand of civil war which painted this picture and gave it its beauty, will never be raised in this country again. Let us rejoice that we now have no north—no south—no east—no west—no cardinal or intermediate points of the compass except such as may be necessary to guide the old ship of state, freighted with all of us together, across the placid sea.

Let us also rejoice that we are now to have that famous lecture—"The Last Days of the Confederacy" by General Gordon, to whom it is now my pleasure to introduce this audience.

This we may regard as an event in our lives—a red letter day in our existence. Gen. Gordon here with his comrades of the gray—a most gallant remnant—facing our comrades of the blue—a most gallant remnant—not in anger but in friendship—not frowning but smiling, not with the sword, but the olive branch in hand, each holding that olive branch out to the other—present a picture which the most fertile and vivid imagination could never brought in review before us. It is a picture the like of which no coming generation can expect, or wish to see. It is a history which can never repeat itself. Let us rejoice that this is true, and that the bloody hand of civil war which painted this picture and gave it its beauty, will never be raised in this country again. Let us rejoice that we now have no north—no south—no east—no west—no cardinal or intermediate points of the compass except such as may be necessary to guide the old ship of state, freighted with all of us together, across the placid sea.

Let us also rejoice that we are now to have that famous lecture—"The Last Days of the Confederacy" by General Gordon, to whom it is now my pleasure to introduce this audience.

CAPT. HERNDON'S REMARKS.

Introducing Gen. Gordon in this City Last Thursday Night.

Such had been the course of events that when the great war cloud lowered in 1861, it was seen at once that the only road to permanent sunshine was through the gloom and smoke of fratricidal strife, and that there was very grave doubt whether that sunshine would be upon a united or disunited country. Such had been the logic of events—necessarily sweeping us on to bitter sectional antagonism—that neither side could recede—the one side could no more recede than the other—the only conclusion from the premises was war—the man-hood up on the one side and the other demanded that the question should be settled by the arbitrament of shot and

# CATARRH: FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results.

The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

## CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firm hold. Only a real blood remedy can reach this troublesome and dangerous disease.

S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Pophill, of Due West, S. C., writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one ear, and all inside of my nose, including part of the throat, sloughed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonic and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demoralizing enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cure out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by R. E. McRoberts, druggist.

Not since 1833 have sheep men enjoyed such a season of prosperity—the main causes being the high prices of wool and the exceptional demand for mutton. The advance has been gradual and steady from the first of the year, and now Eastern wool men are beginning to make overtures to Western sheep men for their Spring clip, but the latter are in no financial distress and are well organized to fight for good prices. The stock raiser or farmer who is independent always has an advantage.—Farmers Home Journal.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, Va. This remedy is sold by R. E. McRoberts, druggist.

Why a man pays taxes and what he gets in return therefor is figured out in this manner by an exchange: "A man who has \$1000 worth of property is likely to pay from \$10 to \$15 a year taxes. For this, if he lives in town, he gets the service of the police for securing quiet and observance of the law; he gets protection from fires; he gets education for his children; officials to look after the streets and sidewalks; new laws enacted by Legislature; the benefits of court at a normal figure for the litigant. If he lives in the country he gets bridges, roads and many of the above enumerated advantages also. Sometimes the taxpayer finds it hard to spare the money for taxes, but he would find it a good deal harder to get along without what his money pays for."

A Follower of Measels.—In many instances a persistent cough follows an attack of measles. In speaking of the Elkin (N. C.) Times, says: "Three weeks ago I had an attack of measles which left me with a bad cough. I took several doses of Chamberlain's Cough Remedy and the cough has entirely disappeared. I consider Chamberlain's medicines the best on the market." For sale by R. E. McRoberts, druggist.
